URANTIAN™

NEWS... From URANTIA® FOUNDATION

We wish you could be with us each day as letters come in from all over the world telling us of the excitement and joy of the discovery of the Fifth Epochal Revelation. These are heart-warming testaments to the effect The URANTIA Book is beginning to have in renewing and uplifting the knowledge of our personal relationship with the heavenly Father and with each other.

The distribution of The URANTIA Book is moving forward at a phenomenal rate. If The URANTIA Book keeps selling at its present rate of one thousand per month (in November we sold one thousand seventy-nine), we will shortly be preparing for our fifth printing.

On December 1, 1973, the Trustees held a reception to honor William M. Hales, our first President, who served in this capacity for twenty-three years. Mr. Hales was presented with a beautiful framed copy of a Resolution thanking him for his long and dedicated service to the Foundation.

We continue to receive at headquarters many interesting visitors from within the United States and from foreign countries, and we have developed warm friendships with many of these sincere truth seekers.

Much time and effort has been expended towards the realization of bona fide translations of The URANTIA Book under the auspices of the Trustees. We are most gratified to continue to enjoy the willing and unselfish cooperation of friends in Finland in the preparation of a Finnish translation.

As the spread of The URANTIA Book increases, the work load at headquarters likewise grows--though at a geometric rate, necessitating increased staff and expenses. The Foundation recently inaugurated a continuing drive to obtain the funds so necessary to our operations, present and future.

Last July the Foundation employed, as a Secretary and Receptionist, Miss Kay Michaels. We know you will be happy to learn that we have made a very fine addition to our office staff.

As the year comes to a close, we bring you happy holiday greetings and our renewed encouragement for great spiritual achievements in the year ahead.
