2015 > April Trimester

Dear Students,

We are pleased to inform you that, since January 2014 (the inaugural year of our new Moodle platform), more than 840 students worldwide have registered at the Urantia Book Internet School (UBIS) for courses in English, Spanish, and French. Each trimester our team receives touching testimonials from individuals who express their gratitude for how the courses have expanded their understanding of the teachings. The opportunity to discuss the assigned sections and papers and to share their religious life is so rewarding. This is what makes UBIS so special. This is “food for the soul.”

During the April trimester, UBIS is offering six courses in English, two courses in French, and two courses in Spanish. The curriculum of the UBIS trimester consists of at least one course addressing each of the four parts of *The Urantia Book*. Although each Teacher-Facilitator (TF) is free to design his or her course, all courses must meet the basic curriculum requirements. UBIS courses address different levels of reading experience from beginner to advanced. UBIS TFs are conscious of the necessity to facilitate a careful and comprehensive study of *The Urantia Book* in all aspects and levels, as the Urantia revelation is a unique source of mind expansion and growth of cosmic consciousness. TFs are also committed to designing their courses in a non-interpretative way, thereby enabling the students to reach their own interpretations. During the preparation of each course, every TF receives the assistance of the Course Review Committee, which comprises experienced students of *The Urantia Book* and UBIS TFs. I invite you to read the following article by Judy Cosky, co-chair of that committee.

The UBIS team invites you to enroll in a course this trimester. A Divine Counselor promised that “there dwells within the human mind a fragment of God, and that there sojourns with the human soul the Spirit of Truth; and we further know that these spirit forces conspire to enable material man to grasp the reality of spiritual values and to comprehend the philosophy of universe meanings. But even

more certainly we know that these spirits of the Divine Presence are able to assist man in the spiritual appropriation of all truth contributory to the enhancement of the ever progressing reality of personal religious experience—God consciousness.” (17.2) 0:12.13

The Role of the Course Review Committee in Facilitating Revelation

“Revelation as an epochal phenomenon is periodic; as a personal human experience it is continuous.” (1107.2) 101:2.12 The mission of the Urantia Book Internet School (UBIS) encompasses this dual description of revelation. Not only do we recognize the gift of *The Urantia Book* as the fifth epochal revelation, but our desire is to also facilitate the experience of personal revelation and learning through interactive group study via online courses.

In order to achieve this exciting objective, we need willing and knowledgeable teachers who will devote their time and efforts to designing and developing online courses, and who will then skillfully facilitate these courses within a classroom of international students who originate from every geographic corner of our planet. Even on the higher worlds to which we will someday ascend, ongoing education is highly valued. “The Brilliant Evening Stars . . . frequently serve as teachers in the various educational enterprises of the universe, including those sponsored by the Melchizedeks. Also do the Trinity Teacher Sons collaborate, and they impart the touches of Paradise perfection to these progressive training schools.” (517.4) 45:7.2 On our own world, UBIS works toward furthering the dissemination of truth, and our educational online courses are constructed by trained teachers with the assistance of a Course Review Committee (CRC), a group of experienced teachers who are entrusted with reviewing the proposed courses before they are offered to our students.

What exactly is the purpose and role of a CRC? Why is it important? To attempt

to answer these questions, as the chair of one of the review committees, I would like to describe a little of my own background and how I found my niche in this role. I discovered *The Urantia Book* forty years ago when I was a college student and working as a waitress. A customer lent me a copy of this amazing book. Many years later I enrolled in my first UBIS course and encountered the rich joy of studying the fifth epochal revelation online with other readers. Eventually I volunteered to design and teach my own UBIS course, but admittedly I had some apprehension as to what such an endeavor involved. I personally found that working with the experienced teachers who comprised the CRC helped to enhance my course, its adherence to a cohesive outline, and the development of stimulating study questions. Not only do the questions promote a careful study of the assigned readings from *The Urantia Book*, but also the students’ responses to these questions serve to stimulate the energetic and thoughtful sharing of personal understanding and experience during the discussion weeks.

The UBIS learning experience, by offering students the opportunity to reach for higher levels of understanding and truth, provides a generous opportunity for the gift of personal revelation. At the least, students may acquire “truth gems” through a “union of souls” with other readers. There is such a fantastic variety of courses that are offered for all different levels of readers. With the assistance of the CRC, all of these courses are carefully reviewed so that their design and presentation in the online classroom will facilitate a greater depth of personal

revelation and a fuller comprehension of the concepts of truth, beauty, and goodness.

What have I and my co-chair, Dave Elders, learned from chairing one of our two CRCs? We have both personally experienced the tremendous value of teamwork and service, lessons we can all practice down here in our mortal habitat, and which we may someday utilize in our vast eternal future. “One of the most important lessons to be learned during your mortal career is teamwork. The spheres of perfection are manned by those who have mastered this art of working with other beings. Few are the duties in the universe for the lone servant. The higher you ascend, the more lonely you become when temporarily without the association of your fellows.” (312.1) 28:5.14

The UBIS board and staff and CRC hope the shared online learning experience contributes to expanding our students’ cosmic consciousness and enhancing their understanding of truth, beauty, and goodness. We believe there is value in studying the fifth epochal revelation, *The Urantia Book*, with other truth seekers. “Spiritual growth is mutually stimulated by intimate association with other religionists.” (1094.2) 100:0.2 Through the teamwork and collaboration of the CRC and UBIS teachers, the construction of courses and stimulating study questions is strengthened, and the discovery of revelatory truth is enhanced for our students.

UBIS Needs TEACHERS!

UBIS needs experienced *readers* to serve as Teacher-Facilitators (TFs).

Enrich your life and the lives of fellow truth seekers worldwide by facilitating a broader and deeper understanding of the teachings of *The Urantia Book*. What you learn as a teacher will be well worth the effort. Treat yourself!

Those interested must first complete two or more courses as a student, read *The Urantia Book* in its entirety, and be recommended by their TFs. The final and most advanced requirement is to successfully complete the Teacher Training Program, a four to five week intensive training course, offered annually, covering the Jesusionian teaching approach, course development, skillful questioning techniques, and classroom management.
